

ACADEMIC PROGRAMME COMMITTEE (APC)

The Academic Programme Committee aims to create high standards of academic rigor by creating a system that facilitates learning and by formulating academic curriculum that matches industrial expectations. The team supports various academic tasks and processes that are vital to the institute's reputation for academic rigor.

Objectives

- 1) To conduct mentorship program to support the academics in addition to classroom teaching.
- 2) To conduct specialized training programs to meet industrial expectations.
- 3) Ensuring adhered academic schedules.
- 4) Ensuring discipline in the campus.
- 5) Incorporating students' inputs and ideas while making key academic decisions.

The composition of the Academic Programme Committee (APC) is as follows:
